"GENIUS" & SinterGrip

MAIN FEATURES

1

The clamping force (up to 40 kN) is generated right where it is needed: at the part.

2

Thanks to its own expanding screw, GENIUS can clamp workpieces up to 200 mm with just one set-up.

3

Unlike traditional vises, GENIUS clamps the workpieces by means of traction clamping.

4

GENIUS is the first vise designed for 5 axis-machine tools that can be used for high precision milling operations.

5

The movement of the jaws is not on a base, but on hardened and ground shafts. This allows for quicker and more accurate positioning of both the same axis with the centre of the machine tool pallet.

"GENIUS" & SinterGrip

5.4

Precision vise for 5 axis machine tools

SinterGrip

Our new patented product **SinterGrip** is born to satisfy the current need to clamp a workpiece for very few millimeters (with SinterGrip 3,5 mm clamping surface), and this for the following reasons:

- 1) In order to machine the workpiece completely in a single operation (especially for 5 axis machines);
- 2) In order to save money for the raw materials, especially when they have a big impact on the price (aluminum, titanium, etc.)

Indirectly to these reasons, and in order to improve the performance of the machine tool and the tools

**higher cutting speed + higher feed rate =
bigger volume of metal removed =
less time to machine the workpiece**

the market requires safe clamping, which could at the same time possibly avoid the deformations of the piece itself.

Only 3,5 mm clamping surface, no need of pre-machining the workpiece, clamping stability, higher cutting rate: **SinterGrip** brings only advantages compared to the traditional systems.

On the contrary, traditional systems need, for the clamping of the workpiece, a bigger clamping surface, with the result of waste of raw materials and greater possibility of deformation of the workpiece.

**GENIUS vise**

supplied with:

- Wrench
- Pair of positioning keys
- SinterGrip inserts for steel*
- Work stop

* on request SinterGrip inserts HRC or ALU

type	Id. No.	A*	B	Weight
